

Fairfax Lions Clean Up Pickett Road - WE SERVE -

It was cool, thankfully dry, Saturday, April 30, as 14 Lions and guests assembled in the parking lot by Thaiss Park ball fields. "Road Kill Saturday" Chair Mike Rumberg issued safety vests, trash bags, disposable gloves and "pickers," then led the charge up Pickett Road.

By 8am the clean-up crew was ready to go.

As we made our way uphill, Team Rumberg led way.

Lion Mike holds the bag and directs his sons to do the heavy lifting. That's the way to train the guys, Mike. Note: both boys are wearing Fairfax Lions ball caps. Maybe we should offer "early signing" for future membership?

Lions Ken Schutz and Phil Mayo teamed up to attack the far side of the road. Reports of finding various different refuse were heard...thank goodness for "picker-upper" sticks.

Prospective new member Doug Brisson joined the Saturday morning work crew. Doug's membership application is approved and his orientation will be at 8am, Saturday, May 7 at Bob Evans. Thank you Doug for joining us, and allowing us the pleasure of getting to know you better.

It would not be an authentic Road Kill without Lion Marilyn Tanner. Marilyn brings loads of experience from her work chairing past Road Kill events.

It was also great to see PCC Bill Bartlett with our work crew.

It was a special pleasure to see our new Lions turn out for service. Lions Brian Lancombe, Rob Higginbotham, and Mark Salesses, and Mark's wife Laurie joined our crew.

We declared mission complete by 10am, turned in gear, and headed to IHOP for just desserts!

Good job by all. We Serve.
